

The Doane Family Association of America, Inc.

*Organized to Create Interest in the History and Welfare of the
Descendants of Deacon John Doane, who came to Plymouth in 1629.*

July 1982

This sample newsletter is made possible through an anonymous donor to the Doane Family Association, especially for this purpose.

It was brought up at the 1980 reunion and will be discussed further at the 1982 reunion to be held next month.

This type of communication would be designed not only to keep you better informed about the DFA, but also to bring you bits of information about various Doane items that are not presented at the national reunion.

Items for such a newsletter would have to be collected from you, the members, to pass along to others who are looking for the same lines that you are.

Your comments on this should be directed to our president, Albert C. Doane, 1149-6th Street, Lorain, OH 44052.
